

‘Endless Summer’ offers endless ideas for chamber’s window decorating contest

Window decorating has probably never been as much fun as it will be for the annual Dublin Dr Pepper birthday, set for June 12.

This year’s theme is “Endless Summer,” which opens up endless possibilities. Dr Pepper events coordinator Lori Dodd challenged business owners to think about the best vacation they ever had, especially one that might have taken place in the early 60s. “The things that were part of that vacation would make a really fun window display,” she said.

The contest is sponsored by the Dublin Chamber of Commerce which will award Dublin Dollars to the top three winners. First place will receive \$250, second will receive \$150 and third will receive \$75. Dublin Dollars are redeemable, dollar for dollar, at any participating chamber member. A list is available from the chamber office or on the chamber webpage at www.dublindxchamber.com.

Anyone who wishes to enter the contest should sign up at the chamber office, 111 S. Patrick. There is no entry fee but in order to be judged, a form must be filled out.

Judging will be done on Monday, June 7 which kicks off Dublin Dr Pepper week. That day also marks the changing of the city limits signs to Dr Pepper, Texas.
